HANZA PAVES THE WAY

Do you want to work for Sweden's leading contract manufacturer?

Possibly Sweden's most fun and energetic workplace!

HANZA is one of Sweden's fastest growing contract manufacturers and now searches for employees within marketing, sourcing and project management.

HANZA IS THE FIRST OF A NEW GENERATION OF COMPANIES IN A CONSERVATIVE INDUSTRY. In Sweden we have our Proximity Units™ to be near our customers and in Estonia and Poland we have the Industrial Plants™ for volume production at best cost. We pave the way for a new approach to contract manufacturing by offering Complete Manufacturing Services. We manufacture the mechanics, electronics and cables which we then use for the box builds to our customers.

HANZA IS A FAST GROWING, PROFITABLE AND FINANCIALLY STABLE COMPANY with ~600 employees and a budgeted turnover of more than 700 MSEK. We have successfully navigated through the recession and today HANZA is stronger than ever.

HANZA NEEDS YOU, who have experience from contract manufacturing and/or similar positions in other industries. We search for employees to our units in Stocksund, Årjäng, Svartå and Skänninge.

Do You want to work here at HANZA within marketing, sales, sourcing or project management? Send a personal letter with your CV enclosed to info@hanza.com or directly to:

ERIK STENFORS, erik.stenfors@hanza.com

GERD LEVIN-NYGREN, gerd.levin@hanza.com

BENGT EMESTEN, bengt.emesten@hanza.com

WELCOME TO HANZA!
